

In order to properly coordinate construction work as well as to reduce conflicts during any construction projects which could affect gas or electric facilities, it is necessary to advise the following persons who act as coordinators for Orange and Rockland Utilities, Inc. on such projects:

Mr. Joseph Nappo, Gas (845) 577-2352
Mr. James Clawson, Electric (845) 577-3200

Please contact the appropriate person above for either gas or electric facilities, whenever any of the following activities are being considered:

- (1) Blasting
- (2) Installation of water mains, sewers and storm drains
- (3) Roadway work such as widening, resurfacing, new curbs, new sidewalks, etc.
- (4) Bridge rehabilitation
- (5) Any other construction work which may impact on our facilities
