

# **Town of Tuxedo**

## **Yard Waste Collection Guidelines**

The Town of Tuxedo provides curbside yard waste collection for our residents to dispose of yard waste. Normal yard waste includes grass clippings, leaves, weeds, and brush trimmed from trees and shrubs from your yard.

When placing yard waste at the curb:

- All yard waste must be bagged in bio-degradable paper yard waste bags, including small brush, weeds leaves and grass clippings.
- Place branches in a neat pile with cut ends facing the street.
- Branches must be less than 6 inches in diameter and no more than 5 feet in length.
- DO NOT place stones, rocks, lumber or concrete at curbside. These items will not be picked up.

***\*There are two self-service bins of mulch, compost and top soil located at Quarry Field free to Tuxedo residents. Bins are filled as material is available.***
